Düsseldorf –  
the place to be!

The industry in Germany needs an order platform with relevance! Beyond the order, **SHOES DÜSSELDORF** is „the place to be!“ for information and inspiration as well as innovative networking. Mainly it offers a wide range of high-quality collections.

With its spring and autumn dates, **SHOES DÜSSELDORF** is proving to be an important milestone in the order round. With consistency and quality awareness we create a solid basis for all players in the footwear industry.

We are actively involved in driving continuous growth, acting in line with market activities and continuing to develop our trade show. Above all, we focus on appreciation and open communication, because a trade show is always a joint project involving all stakeholders!

The product range structure in retail is constantly improving; in the fashionable total look the shoe gets a new relevance.

Therefore, we offer you the additional option to present your collections at **FASHN ROOMS** or **Neonyt Düsseldorf** in July. Give the fashion & shoe trade, at an early stage orientation and the possibility to place an initial order.

With four dates a year, we are ready for you at the fashion location Düsseldorf with concentrated competence! Take advantage of these opportunities for presence and order appointments for your brand!

## The global metropolis on the Rhine.

Düsseldorf has been an important center for art, culture, design and fashion for many decades. Hardly any other city in Germany is so characterized by creativity and inventiveness.

- Here you will find the globally recognized art academy, renowned museums, well-known architectural firms, leading media and advertising agencies as well as a vibrant fashion scene.
- Global flair meets short distances, that's what makes Düsseldorf so unique. Especially the shoe industry takes advantage of this. It's only a few minutes from the world-famous Königsallee with its high-fashion boutiques to the showrooms of established brands.
- In between there is a variety of gastronomy, from international star cuisine to authentic Rhenish delights. Düsseldorf is not only the leading meeting point, but also a pulsating culinary metropolis that is always worth discovering.
- In 2007, the city was awarded the national title of "Capital of Fair Trade". Düsseldorf has also been a Fairtrade Town since 2011.

## Order place no. 1

Düsseldorf is and remains the order place for the shoe & fashion business in Germany, enjoys an international reputation and is existentially important as a business location.

### Business with a network factor

The city scores with short distances and concentrated order options. As a unique association of different actors in shoe and fashion industry, "Fashion Net" offers a mix of expertise that utilises synergies, proactively promotes Düsseldorf as a fashion location and positions it strongly in national and international comparison.
